**Presentació al Consell Superior d'Avaluació del Sistema Educatiu**

4 març 2021

Anna Pons, Analista i Líder del projecte Global Teaching InSights

**La pandèmia ha posat en evidència l'urgència i importància de reduir les desigualtats**

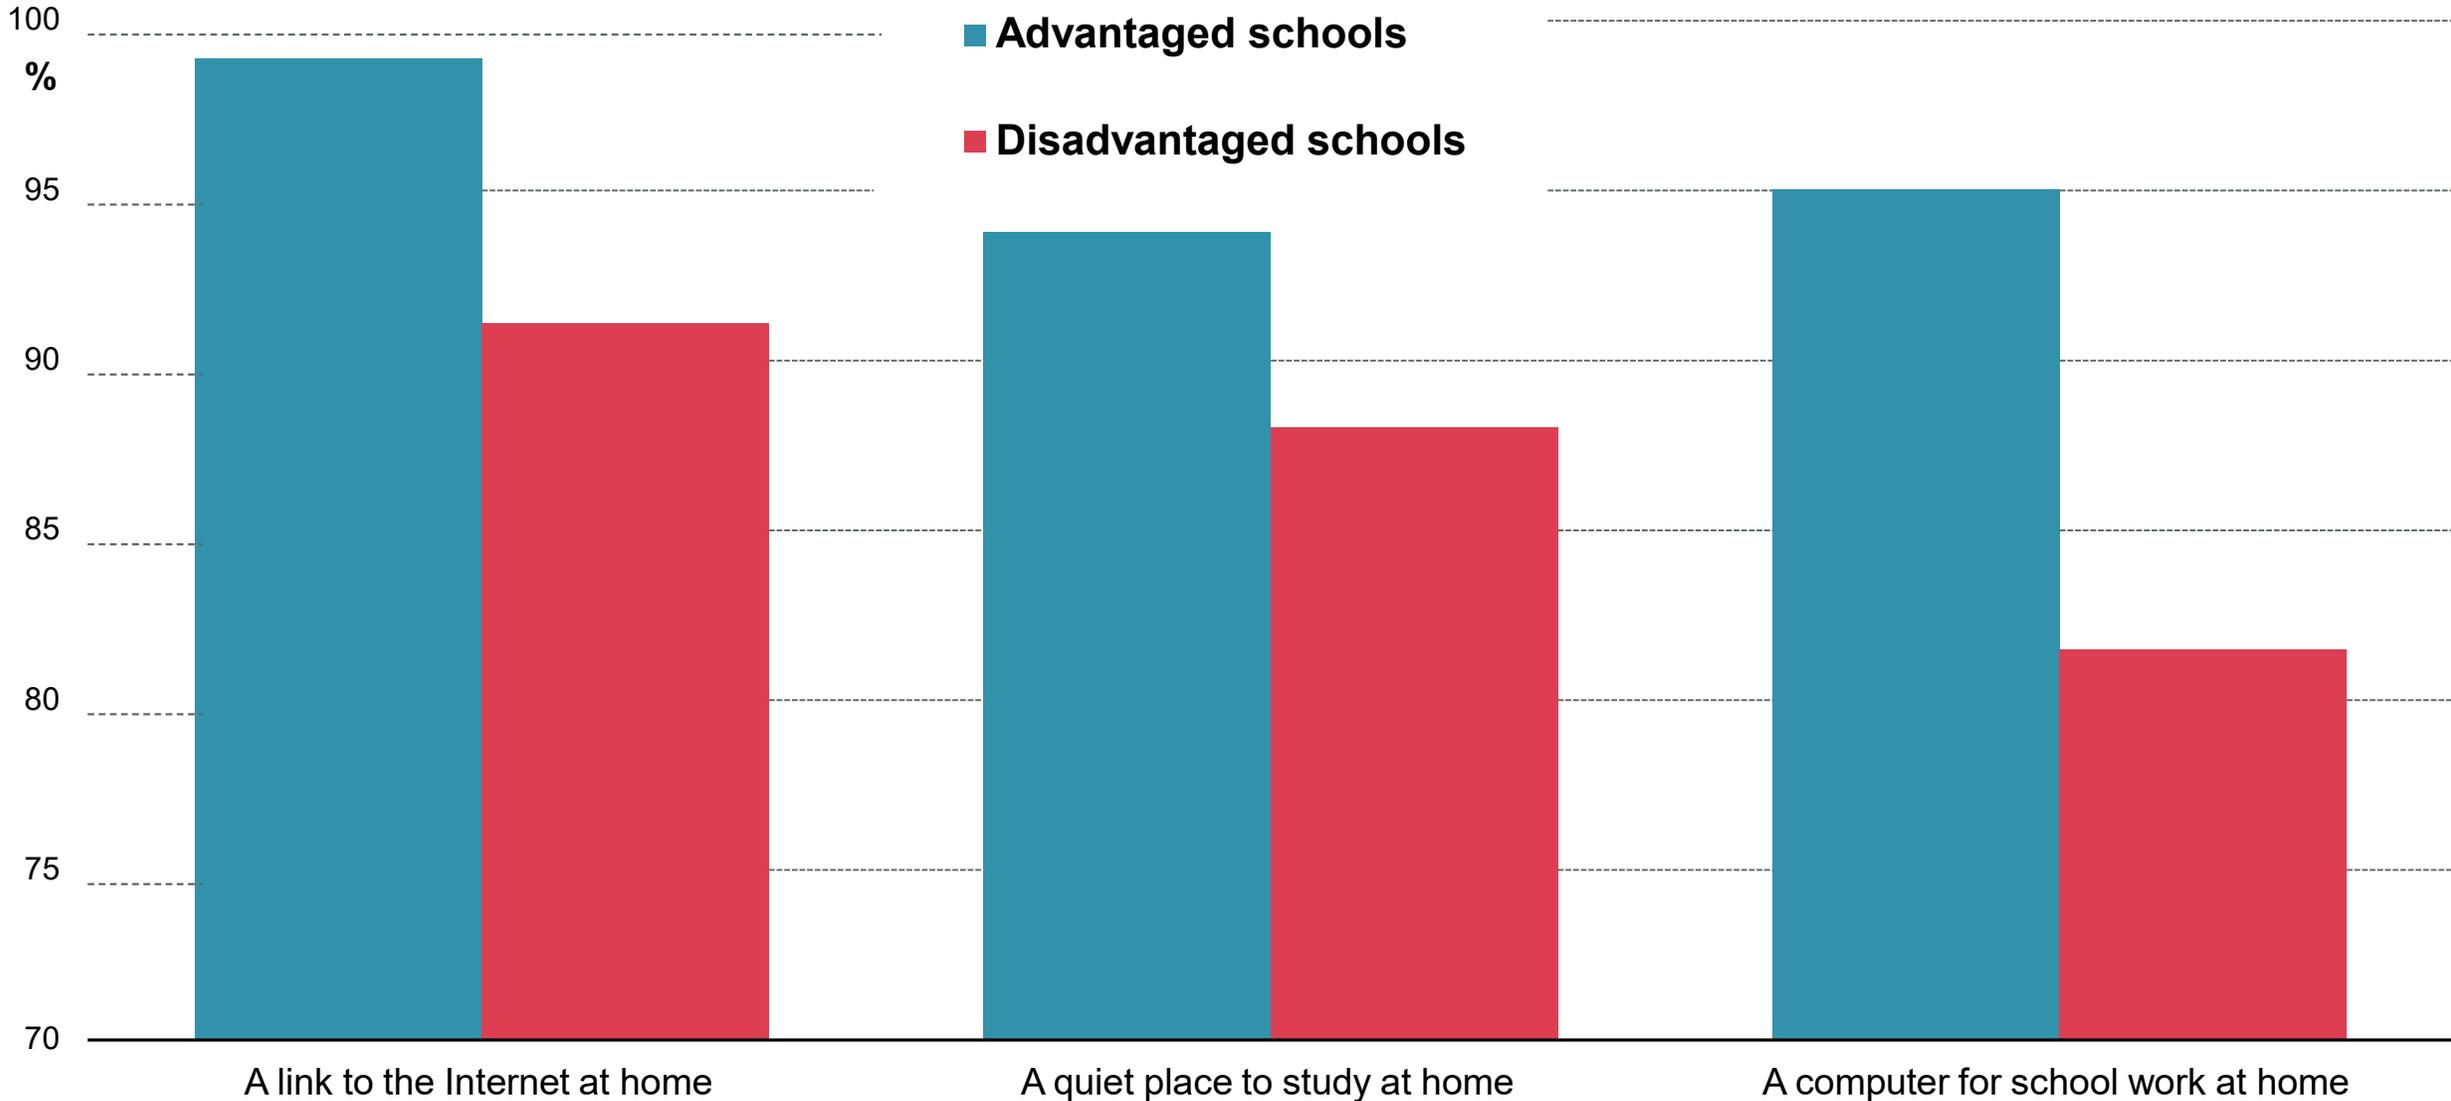

- 
- **1.5bn estudiants** s'han trobat les escoles tancades
  - **Aprenentatge a distància** ha salvat el curs però no ha resolt la funció social de l'educació
  - L'accès, ús i qualitat dels **recursos online** amplia les desigualtats
  - **L'acreditació** en perill
  - Gran necessitat de **formació sobre les TIC**
  - **Re-priorització del currículum** envers competències cògnitives, socials i emocionals
  - ..però han aparegut un gran nombre d'**experiències d'aprenentatge innovadores** !
